

1.9 PLAN DEVELOPMENT AND MAINTANENCE

This Plan implements the emergency preparedness authority conveyed to the President by the CSU Chancellor. The planning in this document has been coordinated with local government, state agencies, and with the CSU System. The CSU Office of Risk Management acts as the clearinghouse for all CSU emergency planning, in coordination with State OES. This Plan is reviewed and recommended to the President for approval by the Vice President for Administration. The campus Emergency Preparedness Coordinator maintains this Plan. Changes will be made, as warranted and major revisions will be published when required.

AUTHORITIES AND REFERENCES

Cal State Fullerton's emergency planning must be consistent with applicable statutes and administrative orders. Cal State Fullerton must ensure that all personnel assigned specific responsibilities in support of this Plan are adequately trained and prepared to assume those responsibilities.

The authorities and references section, gives specific information located in Part III, which establishes: 1) the legal basis (statutes, ordinances, executive orders, regulations, proclamations) for emergency operations; and 2) the basis for delegation of emergency authority, i.e., enabling measures sufficient to ensure that specific emergency-related legal authorities can be exercised by elected or appointed leadership or their designated successors.

The **State's Emergency Plan**, promulgated in accordance with the provisions of the Emergency Services Act, provides statewide authority and responsibility, and describes the functions and operations of government at all levels during extraordinary emergencies. Sections 8567, 8587 and 8614 (a) provide the Governor with the authority to direct Executive Departments of the State to support such planning and preparedness and other emergency activities. Executive Order No. W-9-91 directs each agency to be responsible for "emergency planning, preparedness and training". Each agency shall establish a line of succession "and train its employees to properly perform emergency assignments."

The State's Emergency Plan uses a standard management approach allowing for individual plans of State agencies, to interact effectively. The **CSU System** is part of this effort. The Governor's Executive Order D-25-83 calls for the CSU to develop, maintain and support emergency planning and operations. The CSU Chancellor promulgated Executive Order No. 696, giving to the campus Presidents the responsibility to implement a multi-hazard emergency preparedness program. This Plan is, therefore, considered to be an extension of the State Emergency Plan.

Administrative Orders, prepared under the authority of the Governor's Executive Order W-9-91, expand upon and consolidate the emergency assignments of State agencies. CSU System-wide planning delegates authority and assigns emergency preparedness responsibilities to campuses.

Part Three of this Plan contains a complete inventory of all Federal, State, local, CSU and CSUF statutory authority, as well as planning documents such as Administrative Orders, Standby Orders and Executive Orders.
